Job Description: KMC is seeking a qualified candidate for Draftsman. The following list below are the responsibilities and job description of a KMC Draftsman:

- Use CAD software to create detailed drawings for production of KMC equipment.
 - Fabrication Drawings including dimensions, tolerances, machine notes, etc.
 - Welding Drawings including weld symbols, weld instructions, etc.
 - Assembly Drawings including assembly instructions, exploded diagrams, etc.
- Maintain Bills of Material (BOM's) in the Manufacturing Software System.
- Coordinate with others to resolve design and manufacturing issues.
- Modify and revise existing designs, drawings, and BOM's using the Engineering Change Process.
- Use Cad software to create detailed drawings for dies/tools and controls.
- Convert 2D hand and AutoCAD drawings to 3D models with new drawings.
- Assist customers and sales department with equipment questions and layouts.
- Other tasks as assigned.

Benefits:

- Competitive salary based on qualifications and experience.
- Excellent medical insurance.
- Retirement through participation in KMC's Employee Stock Ownership Plan (ESOP).
- Paid vacation time.

Qualifications:

- Technical Degree in Drafting (Preferred).
- Agricultural experience is a plus.
